I know Donn is out and I needed to get an ok on below before sending out the agenda. Would you be able to check for me?

I am attaching the agenda but but proposing to leave VIIa in (just to go over really quickly what Donn sent out) and take the webpage one out to save time as Donn mentions..

Donn,

I was thinking of taking out VII to save time – on websites. And since you sent out the draft CIP, I wanted to leave it in there to at least just say you got it and review it and we will talk about it the next time.

I know you are out but hoping you are checking email. I will wait till the afternoon to hear from you. I also wanted to set up sometime to discuss the community meeting and the ideas

we had for it.

Thanks,  
Snehal

Thanks, Snehal. Just a couple of comments. this is a very full agenda. we can take out item VIII a. and defer that to the next meeting. We can leave item VIII b. on. But, you and I discussed Tuesday... that we are looking at a timeframe, some tentative dates, etc based on site activities, i.e. Final TCRA report, the sampling. probably Sept as we discussed.

Here it is. I have had to get on a conference call so I will be working for a little longer if you need anything else. I may change our wording of our item.

So if we could finalize the agenda today, that would be great/
